

# TD2050 Audio Amplifier 32W Mono Amplifier

- Delivers an impressive 32 watts of audio power
- Audio quality with low distortion, below 0.5%.
- Broad frequency response, from 20Hz to 100kHz
- Provides a high SNR, greater than 90 dB
- Thermal protection with a threshold of 145 °C
- Effective channel separation, greater than 50 dB
- Provides a wide dynamic range, greater than 80 dB
